

Engineering Project
Management Forum

CLOSING THE GAP WITH EARNED VALUE

*****A FREE CONFERENCE*****

HOSTED BY

ORGANISED BY

Thursday 2nd October 2003 Network Rail HQ Euston London 1000-1700

The Engineering Project Management Forum promotes Project Management in all organisations.

Project Management helps organisations drive up profitability and competitiveness.

Project Management is a Key Management Competency and
a critical element of Management Performance.

This conference champions the use of Earned Value in the Transport sector.

The speakers are members and guests of the organisations that form the EPMF community.
